

# COVID-19 Operations Written Report for Tulelake Basin Joint Unified

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone	Date of Adoption
Tulelake Basin Joint Unified	Mr. Bryce Brin Superintendent	bbrin@tbjUSD.org (530) 667-2295	5/27/2020

**Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of the changes your LEA has put in place. LEAs are strongly encouraged to provide descriptions that do not exceed 300 words.**

Provide an overview explaining the changes to program offerings that the LEA has made in response to school closures to address the COVID-19 emergency and the major impacts of the closures on students and families.

The school district has pushed all learning to either packet work or computer based work. The school was able to provide a small number of chromebooks to students but never received anything from CDE as discussed multiple times.

Provide a description of how the LEA is meeting the needs of its English learners, foster youth and low-income students.

The school district is meeting the needs of English Learners, Foster youth and low-income by providing tutoring for students and parents through teachers, aides, special education, technology, and adult education. The school district is also providing meals for students.

Provide a description of the steps that have been taken by the LEA to continue delivering high-quality distance learning opportunities.

The school has been using a hybrid model or packets and Google classroom. We do not have enough technology to go fully online and we never received devices from CDE. The teachers have embraced all kinds of resources and methods to deliver information to kids. The instructional aides are providing distance tutoring for those that need more help.

Provide a description of the steps that have been taken by the LEA to provide school meals while maintaining social distancing practices.

The school district provides meals to students on Tuesdays and Thursdays. The system allows families to get multiple days worth by way of pickup and go. The lunches are packed so families just have to grab a bag from a table and walk away. This allows us to maintain social distancing for all.

Provide a description of the steps that have been taken by the LEA to arrange for supervision of students during ordinary school hours.

Supervision for students during ordinary hours have been minimal and hardly anyone has requested such services.
